

# DUSHYANTH C

Web developer

☎9787223868 - ✉dushyanthd912@gmail.com - [Linkedin](#) - [GitHub](#)

## Summary

---

### Aspiring Full Stack Developer

Current B.Tech student (Information Technology 3rd year) with hands-on experience building full-stack projects using React, Node.js, and MongoDB. Skilled in front-end development (HTML/CSS, JavaScript) and back-end frameworks (Express.js). Eager to contribute technical knowledge, problem-solving skills, and a growth mindset to real-world development teams

## Experience

---

### GAOTEK

Intern

3Months

- Completed an Internship on Full stack.
- Used WordPress to upload products in website.
- Had good communication with the squad members and with Leader

## Education

---

### Er.Perumal Manimekalai College of Engineering (2022-2026)

B.Tech Information Technology

### Holy Cross Matric Higher Secondary School (2010-2022)

Higher Secondary Education

## Key Achievements

---

### Debugging

Won 1<sup>st</sup> prize in debugging in C-Language in Inter college symposium

## Skills

---

**Frontend:** HTML, CSS, JavaScript, React

**Backend:** Express.js, MongoDB

**Programming Languages:** Python, Core Java, C-Language

**Version Control:** Git, GitHub

# Mini Projects

---

## 1. AR-Streethelper ([Link](#))

**Technologies Used:** JavaScript, Express js, React js

**Description:** Street Helper AR Built a responsive Augmented Reality web application using React, TypeScript, and Express to assist users in identifying and navigating street-level infrastructure. Integrated AR.js and Three.js to overlay virtual markers on real-world environments, enhancing urban accessibility. Designed with mobile first principles and optimized for performance across devices.

**Key Learnings:** Gained hands-on experience integrating React, TypeScript, and Express to build a scalable AR enabled web app. Strengthened skills in responsive design, real-time rendering, and optimizing performance for mobile-first interfaces

## 2. Portfolio ([Link](#))

**Technologies Used:** HTML, CSS, JavaScript

**Description:** Designed and developed a personal portfolio website to showcase projects, skills, and achievements. Implemented a responsive layout for seamless viewing on different devices.

**Features:**

- ✓ Interactive and user-friendly UI
- ✓ Responsive design for mobile and desktop
- ✓ Sections for projects, skills, and contact information

**Key Learnings:** Improved frontend development skills, responsive design techniques, and UI/UX best practices

## 3. Ecommerce ([Link](#))

**Technologies Used:** HTML, CSS, JavaScript

**Description:** Developed a fully responsive e-commerce website featuring product listings, category filtering, and a dynamic shopping experience using JavaScript. Designed an intuitive user interface to enhance the shopping experience.

**Features:**

- ✓ Product listing with images and descriptions
- ✓ Responsive design for mobile and desktop
- ✓ Interactive UI for a seamless user experience

**Key Learnings:** Strengthened frontend development skills, improved UI/UX design, and gained experience in building dynamic web pages
